„My dad had four jobs at one stage to keep us racing. When I was eight he bought me a go-kart. A very, very old go-kart. He resprayed it and he rebuilt to make it look like it was new. We won the six first races we did and then we just kept going. We kept winning, we kept winning championships.“

„The biggest moments in my F1 career was definitely getting my first win in Montreal. It was pretty incredible. Looking down and seeing my dad looking up and just really proud of me, this was pretty cool.“

„To win a world championship you have to have the best team work, you know. The third time I am there and I see the different guys and the different departments, is just energising, just working as hard as I can. It inspires us to do our job even better. It’s all about having everyone with the same goal. Pushing 110% all the way. That’s really what life’s about.“
